GLOSSARY OF TERMS..... 5

1. INTRODUCTION

1.1 This statement has been produced by Southern Electric Power Distribution plc (“SEPD”) to inform electricity Suppliers of our Metering Point Administration Services (“MPAS”) charges. Condition 18 of our Distribution Licence requires us to produce a statement, in a form approved by Ofgem, describing the basis upon which the charges will be made and including a schedule of charges for MPAS. The terms and charges contained in this statement will be reviewed at least once a year. Charges shown are current at the time of publication, and are exclusive of VAT.

1.2 If you need to contact SEPD on any aspect of this document please write to us at the address shown below:

Distribution Pricing Team
Southern Electric Power Distribution plc
Inveralmond House
200 Dunkeld Road
Perth
PH1 3AQ
Email: DistributionPricingTeam@sse.com

1.3 Electronic copies of this statement are available, from our website: www.ssen.co.uk. Alternatively hard copies can be provided at a cost of £5.00 plus VAT, per copy.

2. ENTITLEMENT TO USE MPAS

2.1 The applicant will be required to be a signatory to the Retail Energy Code (REC) for the provision of registration services.

2.2 In accordance with Licence Condition 37, MPAS are provided under the Retail Energy Code. Users should contact RECCo if they wish to become a party to this agreement.

2.3 RECCo has been established to manage accession to the REC. Parties wishing to use these services should contact:

E-mail: info@retailenergycode.co.uk

www.retailenergycode.co.uk

3. BASIS OF CHARGES FOR MPAS

- 3.1 SEPD provides the MPAS for Metering Points within our Distribution Services Area, unless other distribution network operators operating in our area provide or procure their own MPAS Service to cover the Metering Points within their embedded network. As an MPAS provider, we maintain a register of technical and other data that is necessary to facilitate the supply of electricity by an electricity Supplier to premises connected to our electricity distribution system. In addition, we amend the register to reflect any changes of Supplier registration at each premise. SEPD provides this data to Suppliers and/or their agents, any person identified in the Balancing and Settlements Code and any person identified by the Retail Energy Code as being entitled to receive such data.
- 3.2 SEPD also provides an enquiry service (the “MPAS Helpdesk”) for any Customer or electricity Supplier and/or their agents. This provides data to the Customer and Supplier, in relation to the supply of electricity to the premises. The type of data held by the MPAS Helpdesk includes, amongst other things, the identity of the Supplier, the MPAN for each premises, the type of metering installed at the premises and a unique and accurate address for each premises.

The SEPD MPAS Helpdesk can be contacted on 01738 340627.

E-mail: mpas@sse.com

- 3.3 MPAS charges recover the costs associated with information technology and the resources required to provide this service and are recovered in our Use of System Charges (as advised within our Licence Condition 14 Statement). The additional MPAS activities, as stated in Schedule 1, are charged on a transactional basis, at the request of the electricity Supplier.

SCHEDULE 1 CHARGES FOR MPAS

SOUTHERN ELECTRIC POWER DISTRIBUTION PLC

Transactional Charges for Metering Point Administration Services (MPAS) and Data Transfer Services: Effective from 1 April 2026

The charges detailed in this section are for the provision of transactional meter point administration and data transfer services.

	Charge
1 Provision of Contact Notice (per notice)	Charge waived
2 Manual Amendment of Database (per event).	By Individual Agreement (see note)
3 Full Refresh (other than one per year through the Data Aggregator). Charge per refresh.	£ 1,139.86
4 Selective Refresh (per Supply Number).	£ 33.84
5 Resend, when an original transmission of data does not reach the intended recipient's gateway (per resend).	Charge waived
6 Rejections (per rejection).	Charge waived
7 Report to Settlement System Administrator (per report).	Charge waived
8 Report to relevant parties (per report).	Charge waived
9 MPAS Investigations Reports (per report).	By Individual Agreement
10 Report to Data Aggregator detailing last file sequence number (per report).	Charge waived

Note: Manual amendments of the MPAS database to correct retrospective errors made by Suppliers or their agents requires careful handling to ensure new errors are not introduced. The charges for this activity will depend on the number of data items to be changed and the number of parties whose agreement to the proposed change may be required.

GLOSSARY OF TERMS

The following definitions are included to aid understanding.

Balancing and Settlement Code (BSC)	<p>The BSC contains the governance arrangements for electricity balancing and settlement in Great Britain. An overview document is available from https://bscdocs.elexon.co.uk/bsc-procedures/bscp-01-overview-of-trading-arrangements</p>
Customer	<p>A person to whom a User proposes to supply, or for the time being supplies, electricity through an exit point, or from whom, a User or any relevant exempt supplier, is entitled to recover charges, compensation or an account of profits in respect of electricity supplied through an exit point;</p> <p>Or</p> <p>A person from whom a User purchases, or proposes to purchase, electricity, at an entry point (who may from time to time be supplied with electricity as a Customer of that User (or another electricity supplier) through an exit point).</p>
Data Aggregator	Has the meaning given to that term in the Balancing and Settlement Code
Distribution Licence	The Electricity Distribution Licence granted or treated as granted pursuant to section 6(1) of the Electricity Act 1989.
Licensed Distribution Network Operator (LDNO)	The holder of a Licence to distribute electricity.

Metering Points	The point at which electricity that is exported to or imported from the licensee's Distribution System is measured, is deemed to be measured, or is intended to be measured and which is registered pursuant to the provisions of the REC.
MPAN	Meter Point Administration Number. A number relating to a Metering Point under the REC.
RECCo	Has the meaning given to that term in the Retail Energy Code
Retail Energy Code (REC)	A code that consolidates the switching arrangements historically set out in the Master Registration Agreement (MRA) and the Supply Point Administration Agreement (SPAA) (for gas) into one dual-fuel code. Provides a governance mechanism to manage the processes established between electricity suppliers and distribution companies to enable electricity suppliers to transfer customers. It includes terms for the provision of Metering Point Administration Services (MPAS) Registrations.
Supply Number	Has the meaning given to that term in the Master Registration Agreement
Unmetered Supplies	Exit points deemed to be suitable as unmetered supplies as permitted in the Electricity (Unmetered Supply) Regulations 2001 and where operated in accordance with BSC procedure 520 ¹ .

¹ Balancing and Settlement Code Procedures are available from [BSC Procedures - Elexon Digital BSC](#)

Unmetered Supplies Certificate	A Certificate issued by Southern Electric Power Distribution plc (at its sole discretion) to a Customer in accordance with the Unmetered Supplies Procedure which states the supply numbers of the metering points by reference to which we have authorised the customer to receive Unmetered Supplies
Unmetered Supplies Procedure	Section S of the Balancing and Settlement Code and BSC Procedure BSCP 520 established under the Balancing and Settlement Code and any replacement or substitute BSC procedure from time to time in force
User	Someone that has a use of system agreement with the DNO e.g. a supplier, generator or other LDNO.
