Cosham
P06 1UJ

Are you the asset owner/end user of the unmetered connections? Yes No

If no, please include a letter of authority from the end user, authorising you to make this application.

Are the works associated with an existing inventory? Yes No

If yes, please provide the associated MPAN/MSID (thirteen digit number starting with 17 if in Hydro area, or 20 if in Southern area)

Asset type (e.g. lighting column)	No. of assets	New connection, transfer or disconnection	Watts per asset	Burn hours per asset

Continue on additional sheets, if necessary.

Please include the following with your application:

- An accurate, clear site location plan (suggested scale of 1:10000)
- An accurate, clear site layout plan (suggested scale of 1:500) marked up with locations for the works, and showing identifiable public highway

Please detail any other information you feel would be useful in support of your application.

Please email or post your completed application and accompanying documents to:

Privacy Notice:

For information on how we collect and process your data, please see our privacy notice, www.ssen.co.uk/PrivacyNotice/.
If you do not have access to our website or would like a hard copy sent, please ask a member of staff.

Thank you. If we need further information before we can progress your application we shall contact you within five working days of receipt. Once we have all the information we require, we will issue you with a quotation or estimate within a Guaranteed Standard timescale (dependent on the level of works required to fulfil your application), where applicable. If we fail to meet the applicable Guaranteed Standard we will issue a penalty payment to you.
